Police Supply Depot at Kirchhain-Dobrilugk.

4. From 1 to 20 June, the informant was attached to a guard unit assigned to protect a police supply depot for fuel, weapons, and ammunition which was located in the woods about 8 km east of Kirchhain-Dobrilugk. The depot measured about 100 x 200 neters and was located between the villages of lugau, Hennersdorf and Frankenau. Warehouse A of the depot contained artillery pieces of all types; warehouse B small arms and ammunition; warehouse C billeting equipment and warehouse D light and heavy automatic arms and small arms. POL supplies were stored underground. Incoming supply shipments arrived regularly at night by road and rail. Trucks hauling supplies were escorted by motorcycles. The warehouses were particularly heavy guarded during unloading and storage operations, and sealed thereafter. The installation was repeatedly inspected by Soviet officers from Berlin. The depot commandant was a VP Rat who was directly subordinate to the HVA. The depot guard unit numbered 120 police and was organized into a headquarters, 3 plateons and 1 motor transport section. *
